## Illegal Update

*Just a few more good people coming to do the work Americans refuse to do*

Arizona police have arrested 12 people accused of operating a massive smuggling ring responsible for bringing in thousands of illegal aliens from Central and South America, using large cargo vans.

Reuters [reports](#) officers from a joint federal, state and local task force seized *62 vehicles* and arrested the suspects at four locations in the Phoenix valley; according to the Arizona Department of Public Safety.

The report describes the situation well, stating: *Arizona straddles a furiously trafficked corridor for smugglers hauling illegal immigrants and drugs from Mexico. In 2009, U.S. Border Patrol agents in the Tucson area made 241,000 arrests; almost half the total caught slipping over the nearly 2,000-mile border.*

Thanks for an illuminating report on our massive problem. This is the situation McCain, Kyl and George W. Bush want to deal with by implementing the charade known as “Comprehensive Immigration Reform” or Temporary Worker Program. In a blink of an eye it will morph into amnesty, allowing lawbreakers to have the gift of U.S. citizenship.

And why import workers when Americans are suffering the worst economy since the Great Depression?
