LeAnn Hull for Congress in District 3

LeAnn Hull Congressional Candidate for Arizona District 3 will have Ken Bennett Secretary of State personally accepting her petitions for nomination on the 24th of May at 11:00 am at the Secretary of State's Office,

About LeAnn Hull

Who am I? I am a home-grown Arizona native. I have been married for thirty years and my husband and I have raised four children and three grandchildren in this magnificent state.

Today, like so many of you, I have children in the military. Two of our son's are in active duty which has given me the opportunity to view through their eyes the pride of service to our country. Experiencing that is one more reason that I felt it was the right time to step up and serve my country.

In addition to that my husband and I have owned a construction company for twenty six years. In the last year that business has been turned upside down. The challenges that I face are the same challenges you face. The same issues that prompt me to run for office are the same issues that make you angry at our current state of affairs in our government.

I am not running for office because the other candidates are not qualified. I am running because I believe it is time for the people to take back the government. I believe people are tired of the status quo, I know that I am. We are ready to experience government by the people and for the people and I am the people. Quality leadership represents the people with passion and resourcefulness.

My business and my family have been forced to think outside the box this past year. We need new ideas and new ways to break the cycle of growing government and skyrocketing debt. I present to you a change grounded in the struggle that every American faces today, still filled with optimism and hope for a better future and a return to the great American dream. I am ready to take on this new responsibility with the same passion and commitment that I have had to develop and implement in my family and business life.
